# Azalea Health Ambulatory EHR

## An Easy-to-Use, Certified and Cloud-Based EHR for Your Practice.

Changing the way health IT platforms connect community-based healthcare providers and patients, Azalea delivers an ONC certified, 100% cloud-based solution. Quick to deploy and easy-to-use, Azalea solutions ensure better care coordination and communication – at a 37% more efficient rate as compared to other leading vendors. With strategies to help customers meet regulatory requirements, Azalea provides tools and resources to navigate accountable care and alternative payment models.

## Azalea Practice Management

Azalea's Practice Management (PM) solution gets patients on your schedule quickly and your claims out faster. Designed to streamline workflows, your office staff can:

- Easily move appointments with a drag-and-drop scheduler
- Verify patient eligibility, individually and in unlimited batches
- Capture patient financial information and store on file for future use, including setting up payment schedules
- Collect accurate payments at time of service with integrated Patient Responsibility Estimator and merchant services
- Easily process split claim bills just by checking a box
- Submit clean claims the first time utilizing built-in claim scrubbing and code check
- View encounters and denials on easy to read dashboards

## Azalea Electronic Medical Record

Azalea Electronic Medical Record (EMR) is seamlessly integrated with Azalea Practice Management, reducing clicks and making viewing and capturing clinical data easy.

- Capture clinical data easily with low click, one-page SOAP note
- Collaborative charting allows multiple team members to edit a patient chart at the same time
- Customizable templates including integrated ePrescribing and EPCS
- HIPAA-Compliant Direct Messaging

**58 seconds faster to post a payment than other leading vendors**

**40% faster at documenting patient encounters than the industry average**

## End-to-End Revenue Cycle Management Services

**98.6% first pass acceptance rate**

**37 days in Accounts Receivable**
(compared to industry average of 45-60 days)

**90% of claims filed within 7 days of service date**

## Maximize your reimbursements and improve cash flow with:

- Claim File Reconciliation & EDI Error Resolution
- Denials & Accounts Receivable Management
- Patient Statement Submission & Call Center
- Credit Balance Management
- Bad Debt & Collections Management

- Customized Reports & Enhanced Analytics Performance
- Management & Support of Azalea Platforms and Applications

## This is only the beginning

In addition to our Ambulatory EHR platform, Azalea Health offers mobile apps for patients and providers, comprehensive reporting solutions, patient portal and kiosk tools, and a wide range of professional services to help you grow your practice's patient base and profitability, including:

- RHC Assessment and Stewardship for Certification
- RHC Re-Certification Assistance
- RHC Development & Planning
- RHC Policies & Procedures Review
- Financial Analysis & Consulting
- Prior Authorizations/Pre-Certifications
