New Year – New Case for 2017

Here is an idea: make a new case for the New Year for Dates of Services starting on 1/1/2017
Especially if you have numerous transactions on a Patient's case (over 100),
Then the performance of your Medisoft program will improve.

Time to check for new Insurance.

For the New Year this is a good time to verify if the Patient's Insurance is the same or did they change plans.

Reminder: Please backup your Medisoft Data Every Day.

We recommend daily backups of your Medisoft Data of each practice to an external backup device.
