Medisoft Support Promotion

\$100.00 Per Hour Special, if purchased before September 20, 2013.
The regular price is \$129.00 Per Hour. Take advantage of our rollback pricing

AVAILITY CHANGES COMING IN 2014!

Availity will no longer support the free exchange of certain transactions delivered via EDI connections to their network. The change affects all transactions submitted via batch electronic data interchange (EDI) and in real-time.

Please note that the Availity Web portal—and the payers supported on the portal—will not change. The Availity Web portal continues to be offered at no cost to providers.

Financial pressures on private plans, coupled with ever-expanding government mandates that create new demands under health care reform, have necessitated this change to our business model.

Pricing will be per month per provider organization (includes Claims, ERA's & Eligibility) based on the number of claims being submitted.

Please visit our website at www.ihctech.com and click on the Availity logo to find out more.

A Big Thank You to all that attended our Annual Medisoft User Conference on 8/21/13
We hope you found it informative and worthwhile.
