New features that were added to Medisoft Version 25

- Transaction Entry Updates Designed for Speed and Efficiency
- Deposit List Enhancements to Use In-Screen Persistence of Payer Type/Payer Method Values
- Login/Logout Audit Trail Reporting
- You Can Now Display Up to Twelve Diagnosis Codes in Unprocessed Transaction Edits

Note; the below Version 25 features have an add on cost

- **OCR Scanning is the Most Important Scanning Feature You Never Knew You Needed ***

Optical Character Recognition, or OCR, works with your scanning functionality in Medisoft V25 to convert printed characters such as policy numbers, some demographic data, and copays into digital text in your software. Scanned data can be saved to the Policy 1, Policy 2 or Policy 3 insurance tabs.

- **Enhanced ICD-10 Search Tool powered by IMO® Terminology ***

Simplify your workflow to document, analyze, and manage patient data to save time and maximize reimbursement. Medisoft V25 includes enhanced ICD-10 search powered by IMO® Terminology.

- **EHR Interface With eMDs Award-Winning Aprima Solution ***

Now, your Medisoft PM works with eMDs Aprima EHR software in an all-in-one affordable bundle. eMDs Aprima offers a uniquely fast, flexible and powerful EHR designed to complement and simplify your workflow.

Features that were added to older Medisoft Versions:

Added in Medisoft Version 24

New Transaction Entry Alerts (Charge Entry Messaging)

New Multiple Mobile App Enhancements

Report Header Updates

NDC Codes - CPT codes in Unprocessed Transactions

This will now pull NDC information stored in the Medisoft Procedure table list

Added in Medisoft Version 23

Insurance card scanning, scans an image into the Patient's Case

Auto-Assign Statement Notes

Reduce Duplicate Patient Records with New Checking Feature

Added in other Versions of Medisoft

MBI Guarantee

Checks the New Medicare Beneficiary Identifier (MBI), if it does not follow the guidelines you can be alerted.

ICD-10 search tool

A powerful search tool to help practices quickly select billable codes

AR Tracker

Find unbilled charges & see a quick summary of outstanding claims.

This is for Medisoft Advanced and Network Professional programs

Integrated Health Care is offering a reduced Phone Support Price Special
Our Medisoft Phone support has been reduced to \$99.00 Per Hour
If purchased before 12/31/2021

On October 1st there will be ICD-10 code changes

Please be aware of claim rejections for Diagnosis Codes that may now be inactive.
This would be for Dates of Services on/or after 10/1/2021

Windows 11 is coming

Windows 11 is scheduled to roll out as a free update to Windows 10 users starting on Oct 5, 2021.
However, the **free update won't be available on PCs older than four years** (approximately),
due to Microsoft's hardware requirements for the software.

To find out whether your computer will officially support Windows 11, run Microsoft's PC Health Check app.

<https://www.microsoft.com/en-us/windows/windows-11>

Note, Medisoft is currently being tested for compatibility with Windows 11

Microsoft Edge Browser

Some websites will no longer work properly in Internet Explorer, so try the Microsoft Edge Browser
