CGM MEDISOFT© is a proven, trusted, and affordable practice management Solution designed to simplify the way you run your practice.

For detailed information and to view a video go to our website: www.ihctech.com

A few new features added to Medisoft Version 27

Ability to Merge Patient Charts

Do you have duplicate patient charts created? You can easily merge one chart into another.

Move Charges and Accompanying Co-Pays between Patient Cases

It is now possible to move charges and associated patient payments between cases!

Create and Designate Pop-up Patient Alert Messages

You can set up your own practice alerts and tag any patient with up to five notes or messages. You choose where and when the alerts pop up.

Inactive Status Indicated for Inactive Patients in the Patient Drop-Down When Creating Appointments

This new inactive patient indicator in the patient drop-down list helps you select the correct patient every time.

Import and Display .PDF Images

The ability to import, display, and export .PDF images; this new capability is added to the Multimedia tab.

SEE THE MATRIX ON OUR WEBSITE FOR ALL FEATURES ADDED SINCE VERSION 20!

Have you checked your reports?

When sending your claims electronically, remember to look at your reports.
These reports will let you know if the claims have been accepted.
If rejected, the report will give the reason why.

Watch for claim rejections for Diagnosis Codes that may now be inactive.

A list of deleted codes is available on our website at:

www.ihctech.com/icd-10-code-changes/

A good resource is: www.icd10data.com

And: <https://www.cms.gov/medicare/icd-10/2023-icd-10-cm>
