Click on the section: Medisoft Version 28

A few new features added to Medisoft Version 28

Corrected Claim in the Claim Management screen

Users can now add a resubmission code for the specific claims in question through the Claim Management screen

Daily appointment and activity review

You can review charges and patient payment and collection activity, are quickly alerted to possible oversights such as appointments without charges, missed copays, and claims that were not billed.

Microsoft Windows Server 2022 support

CGM MEDISOFT Version 28 has been tested and approved for use with Microsoft Windows Server 2022

New Enhancements if using the eMEDIX Clearinghouse

Using eMEDIX for patient statements

By using eMEDIX for your patient statements, your practice management software & clearinghouse come together under one roof with CompuGroup Medical. Patient statements are fully integrated with CGM MEDISOFT v28

Enhanced eligibility display

Practices with eMEDIX Eligibility will enjoy an updated, more detailed view of a patient's eligibility status.

Patient responsibility estimate

Deliver better service at the point of care with the eMEDIX Patient Responsibility Estimate. Provide a good-faith cost estimate for planned procedures by quickly running a patient's insurance eligibility for the planned procedure codes. Save time with pre-configured MultiLink Codes for common procedure bundles.

A few features that were added in Medisoft Version 27

Ability to Merge Patient Charts

Do you have duplicate patient charts created? You can easily merge one chart into another.

Move Charges and Accompanying Co-Pays between Patient Cases

It is now possible to move charges and associated patient payments between cases!

Create and Designate Pop-up Patient Alert Messages

You can set up your own practice alerts and tag any patient with up to five notes or messages. You choose where and when the alerts pop up.

Inactive Status Indicated for Inactive Patients in the Patient Drop-Down When Creating Appointments

This new inactive patient indicator in the patient drop-down list helps you select the correct patient every time.

Import and Display .PDF Images

The ability to import, display, and export .PDF images; this new capability is added to the Multimedia tab.

SEE THE MATRIX ON OUR WEBSITE FOR ALL FEATURES ADDED SINCE VERSION 20!
