Click on the section: Medisoft Version 29

A few new features added to Medisoft Version 29

Transaction Entry Alert Enhancements
Date of Service Range has been added. Ability to copy an existing rule & make updates

MultiLink Code Enhancements
Added Diagnosis Codes, Units & Modifiers to the MultiLink Code feature

Unprocessed Transactions
Allows the user to delete Multiple Lines in Unprocessed Transactions/Charges screen

Program Options
Can turn off the Diagnosis Pointers or just check the First Pointer

Write-Off Utility
In the Write-Off Utility can add Responsible Party checkboxes & an Insurance Carrier to write off old debt

A few new features added to Medisoft Version 28

Corrected Claim in the Claim Management screen
Users can now add a resubmission code for the specific claims in question through the Claim Management screen

Daily appointment and activity review
You can review charges and patient payment and collection activity, are quickly alerted to possible oversights such as appointments without charges, missed copays, and claims that were not billed.

Microsoft Windows Server 2022 support
CGM MEDISOFT Version 28 has been tested and approved for use with Microsoft Windows Server 2022

New Enhancements if using the eMEDIX Clearinghouse

Using eMEDIX for patient statements
By using eMEDIX for your patient statements, your practice management software & clearinghouse come together under one roof with CompuGroup Medical. Patient statements are fully integrated with CGM MEDISOFT v28

Enhanced eligibility display
Practices with eMEDIX Eligibility will enjoy an updated, more detailed view of a patient's eligibility status.

Patient responsibility estimate
Deliver better service at the point of care with the eMEDIX Patient Responsibility Estimate. Provide a good-faith cost estimate for planned procedures by quickly running a patient's insurance eligibility for the planned procedure codes. Save time with pre-configured MultiLink Codes for common procedure bundles.

A few features that were added in Medisoft Version 27

Ability to Merge Patient Charts
Do you have duplicate patient charts created? You can easily merge one chart into another.

Move Charges and Accompanying Co-Pays between Patient Cases
It is now possible to move charges and associated patient payments between cases!

Create and Designate Pop-up Patient Alert Messages
You can set up your own practice alerts and tag any patient with up to five notes or messages.
You choose where and when the alerts pop up.

Inactive Status Indicated for Inactive Patients in the Patient Drop-Down When Creating Appointments
This new inactive patient indicator in the patient drop-down list helps you select the correct patient every time.

Import and Display .PDF Images
The ability to import, display, and export .PDF images; this new capability is added to the Multimedia tab.

For detailed information, to view videos & see a Matrix on our website for features added since Version 20!

BillFlash Offerings and Changes

The BillFlash patient payment portal MyProviderLink.com is Now PayWoot.com

PayWoot - Easily View, Pay, or Finance Bills

PayWoot is a comprehensive platform designed to simplify your bill-paying experience. With PayWoot, you can effortlessly view, manage, and pay your bills from participating providers, all in one convenient location.

More information & a Video is at: https://paywoot.com/

BillFlash - Financing new offering

Offer Win-Win Patient Financing In *Your* Practice.

The average American can't afford a $400 unexpected bill*. This results in fewer patients seeking care, many patients delaying care, or even defaulting on their financial obligation altogether.

BillFlash FlexPay is the win-win financing solution for patients *and* providers

Get Paid Right Away
Provider payment initiated the next business day, with no recourse for patient non-payment.

30-Second Application**
Say goodbye to cumbersome paper applications! Our online application process is quick and easy.

No Hard Credit Check**
With no hard credit checks to apply, your patients can maintain their credit score when checking their options.

90% Approval Rate
With approval rates of 90%, almost all your patients can benefit from the ease and convenience of FlexPay.

Interest-Free Options
Every approved patient will have a 3-month interest-free financing option

More information & a Video is at: https://billflash.com/payment-services/offering-financing-for-medical-procedures/?

Wisconsin Medicare & Medicaid Possible Data Breach

CMS and WPS are mailing written notifications to Patients with Medicare whose PII may have been exposed

CMS said that it will send victims new Medicare cards in the coming weeks with a new Medicare number.

The Centers for Medicare & Medicaid Services (CMS) and Wisconsin Physicians Service Insurance Corporation (WPS) are notifying people whose protected health information or other personally identifiable information (PII) may have been compromised in connection with Medicare administrative services provided by WPS. WPS is a CMS contractor that handles Medicare Part A/B claims and related services for CMS

Below are Links to a couple of websites:

https://www.cms.gov/newsroom/press-releases/cms-notifies-individuals-potentially-impacted-data-breach
